Handloom Weavers - Spartacus Educational

Handloom Weavers The expansion of handloom weaving Both the spinning and weaving of cloth were originally carried out by people in their homes, who would then take the finished cloth to market. Originally using wool, which was brought in from Lancashire, and then cotton when it started arriving in huge quantities from America.

Power in the Landscape - Handloom Weavers

The author mentions that handloom fabrics were one of the main items of export from ancient India and hand-weaving still forms the second-largest economic activity after agriculture in India.

The Indic Quotient: Kaninika Mishra's book highlights ...

Handloom weavers were the largest single group of skilled craft workers in the first half of the nineteenth century and their changing fortunes in the face of mechanisation and the rise of factory production has attracted the interest of generations of historians. We know a lot about their lives, training and working conditions because of the numerous public enquiries into weaver unemployment and poverty that occurred in the 1830s and '40s and because the weavers themselves wrote about ...
