to bring a new life into the world. Instead of using birth control methods such as the pill, IUDs, diaphragms, and condoms, Catholics can use Natural Family Planning (NFP) techniques. Beliefs about artificial contraception

## **The Catholic Church and Contraception - dummies**

Contraceptives can fail for a number of reasons, including incorrect use and failure of the medication, device, or method itself. Certain birth control methods, such as intrauterine devices (IUDs) and the implant have the lowest risk of failure (pregnancy). This is because they are the easiest to use properly.
