World War 2: How British soldier saved Volkswagen from ...

The final years of World War II had a devastating effect on the 1944-1945 Volkswagen Beetle, but the popular little car found a way to persevere. In late 1944, the Porsches and their staff evacuated to the family estate at Zell am See, Austria, where son Ferry, Karl Rabe, and Erwin Komenda would fashion the first Porsche automobile. The tide of ...

Last classic VW Beetle rolls off the line - HISTORY

The VW Beetle’s origins were far from ideal. Though automotive innovation was once the domain of the Germans, World War I left Germany an economic mess, made worse by the stock market crash in the 1920s. Germany’s auto industry lagged behind England’s and America’s.

The history of the Volkswagen Beetle as it turns 80 years ...

The result of this research is valuable knowledge, which we do not want to keep secret but, instead, would like to share. We feel this information should be available to anyone who owns or is looking to buy World War II VW, as information on these vehicles is hard to find.

World War II VW

Volkswagen had only just started small scale production, building about 210 Beetles, when civilian production was halted at the start of the war. Except for two military prototype units, these KdF sedans were allocated to military officers as personal cars. Hitler was given the very first convertible Beetle built in 1938.
